

# Clinical Laboratory Special Update

## Vasoactive Intestinal Peptide (VIP)

Effective Monday, July 1, 2024

### **UCHealth South Region Providers:**

Effective immediately, the Vasoactive Intestinal Peptide (VIP) test, which is processed through ARUP Laboratories, is currently unavailable to order. At this time, there are no alternative tests available for VIP measurement.

ARUP is in the process of validating a new assay for this testing.

**See ARUP's website for more information:** <https://ltd.aruplab.com/Tests/Pub/0099435>

For any questions about this test update, please contact:
