

LABORATORY SERVICES IMPORTANT TEST ANNOUNCEMENT

Fetal Urine Testing Update

Test Codes: FNAU, FCLU, FCAU, FPHOU, XFB2MU

Live Date: 6/25/2024

**Fetal Urine Sodium
Fetal Urine Chloride
Fetal Urine Calcium
Fetal Urine Phosphorus
Fetal Beta-2-Microglobulin (Sendout)**

Effective June 25, 2024, testing will be available for Fetal Urine Sodium (FNAU), Fetal Urine Chloride (FCLU), Fetal Urine Calcium (FCAU), Fetal Urine Phosphorus (FPHOU), and Fetal Urine Beta-2-Microglobulin (XFB2MU). This update will enable better identification of fetal testing in the medical record. Reference ranges have not been established for the in-house testing.

If you have any additional questions about testing for [Fetal Urine Testing](#), please refer to the Laboratory Test Directory or call Client Services at 614-722-5477
