

Laboratory Testing Update

Date: Sept 24, 2024

Beginning today, 9/24/2024, the following Epic order requests are reinstated and active due to lifting of constraints by our reference laboratory.

Fungal Blood Culture (No Stain) LAB242
and
AFB Blood Culture LAB246

Currently, reference labs are accepting collection transport tubes again for testing. All AFB and fungal blood culture testing may resume and will be performed at ARUP Laboratories.

Any questions, please contact the Microbiology lab at 859-301-2074

Thank you,

Renee
