

**Contact:**

Histology Lab 720-718-1070

Lab Manager 720-718-1051

Partnerships with providers throughout the community are welcome

**Business Hours:**

A Board Certified Pathologist is on-site during normal business hours

Monday – Friday 08:30 - 16:30

Consultations are available through on-call scheduling 24/7

**What to expect:**

Final reports are generally available within 24 – 48 hours of specimen receipt. An onsite histology lab provides superior quality slide preparation, staining and customer service.

United Pathology Services (UPS) has been serving the greater Longmont community for decades with combined experience of over 60 years. UPS provides pathology services to multiple groups including oncologists, radiologists, surgeons, family practitioners, internists, urologists, pulmonologists, and OB/GYN providers. This highly engaged group are members of the Longs Peak Hospital Medical Staff allowing for important multidisciplinary review of malignant cases before and after therapy treatment. Pathologist participation guarantees the most appropriate molecular and immunohistochemical testing is performed and continuity of care is preserved.

All UPS pathologists are board certified in Anatomic Pathology and three are also board certified in Clinical Pathology. They are closely affiliated with the University of Colorado Pathology Department for consultation and additional tissue stains.

**Board Certified Pathologists**

**Carlyne Cool, M.D.**

In addition to her role at Longs Peak Hospital, Dr. Cool is credentialed at National Jewish Health and is a Clinical Professor at the University of Colorado Department of Pathology and Division of Pulmonary Medicine. She is a nationally renowned pulmonary pathologist, having researched and authored numerous articles on the diagnosis and pathogenesis of pulmonary diseases. Additional interests are in providing cancer diagnoses, notably breast and lung, for a regional company in the development and assessment of tumor protein expression.

**Dawn Pavot, M.D.**

Dr. Pavot has lived and worked in the Longmont community for over 20 years. She has a special interest in breast and gynecological pathology. Dr. Pavot engages the youth in the community through mentoring presenting biannually at Longmont High School's Medical and Bioscience Academy. She serves as the Laboratory Medical Director for UCHHealth Longs Peak and Broomfield Hospitals and the Longmont Clinic.

**Elizabeth Settembre, M.D.**

Dr. Settembre joined UPS in 2018. She is fellowship trained in hematopathology, with board certification in anatomic and clinical pathology. Her particular interests include lymphoma diagnosis and gastrointestinal pathology. In her spare time, Dr. Settembre enjoys being with her children, spending time outdoors, and volunteering in the community through school and scouting programs.

**Sharon Sams, M.D., MPH**

Prior to joining UPS in 2024, Dr. Sams worked as an academic pathologist with an interest in breast pathology at the University of Colorado, Department of Pathology. She has collaborated with clinical and research colleagues in the areas of breast and thyroid, resulting in numerous publications. In addition, she is a member of the I-SPY Pathology working group for the multicentric multidisciplinary I-SPY clinical trials for neoadjuvant treatment of breast cancer. She is also fellowship trained and board certified in cytopathology.
